

WHAT'S [NEW]

The Melrose

The Melrose offers a unique combination of tilt in space and independently controlled back recline and leg elevation. This enables carers to constantly adjust the users' position to relieve pressure and provide all-day comfort.

Features of The Melrose include three positional adjustments, a variety of back comfort supports, a choice of pressure cushion and the sizes are easily adaptable to each users' needs. D Rings are fitted as standard. They enable the lap strap to be connected. The seat width can be adjusted by removing and interchanging the arm pads to fit the seat to the user. There are two size of arm pads that allow the seat depth to be adjusted.

There is a wide and varied selection of colours that The Melrose is available in, including, beige, green, blue, red and black.

The Leckey Everyday Activity Seat provides the perfect solution for children and young adults with moderate needs who require pelvic stability but do not need the same advanced level of support as those with complex needs.

This new updated version of the Everyday Activity Seat offers clients the same great postural stability as before, supporting function and the opportunity to do everyday things such as eating, reading, and socialising, but it is now available in new fabric options. Clients can choose between soft fabric and vinyl, with options available in a range of great colours; blue, green, raspberry and grey. The new fabric options offer further benefits such a focus on

comfort, durability, easy cleaning and resistance to many stains.

Leckey knows that every client is different and the design updates to the Everyday Activity Seat offer clients more choice allowing them to pick a fabric and style that best suits them and their individual tastes and personality. Nevertheless, the extensive range of accessories available for the Everyday Activity Seat ensures all postural needs are met. The Everyday Activity Seat brings both style and substance.
